

Jolene - Compression body

ART.NO 51213

Compression body with high waist in knitted seamless material. Recommended after surgery and/or liposuction on the abdomen. 3-step hook and eye closures in both sides for easy application and adjustable fit. Hook and eye opening in crotch to facilitate use directly after surgery, the body is fully openable. Removable and adjustable shoulder straps. Form-knitted, flexible material in 4-way stretch that follows the body contours. Shape knitted zones over buttocks and groins for better fit. Reinforced knitting around abdomen for extra support. The stable, soft material provides evenly distributed compression without digging in to the skin.

Indications: Compression garment after plastic surgery. Corresponding class 1.

Contraindications: Wound infection. Arterial circulatory disorders. High risk of thrombosis. Deviating measurements according to table.

Material: 87% Polyamide, 13% Elastane. Latex free.

Washing instructions: Machine wash at 40°C (104°F), can if necessary be washed at higher temperatures, up to 60°C (140°F). The product will last longer if washed at a lower temperature. Use a laundry bag. Do not use bleach or fabric softener as this can impair the function of the material. Do not tumble dry.

Measurement: For best fit and correct compression it is important that measurements are taken carefully and size chosen according to the measuring table. The fit of the garment should be tight but comfortable.

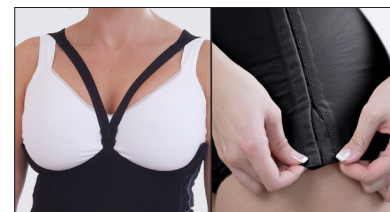

Waist: Measure around the thinnest part of the waist.

Hips: Stand with both feet together and measure the circumference over pubis, where hip/seat is at its widest.
