

# Affix - Brace for foot drop

ART.NO 80116

Dorsal extension orthosis for foot drop and neurological foot diseases that require light support. Easy to wear and provides a good fit. Ensures proper support in everyday activities. A soft pad attaches to the lace-up shoe, the degree of flexion can be adjusted using the elastic bands. The orthosis has a low profile, ankle strap made of 100% breathable micropore fabric and gel padding over the Achilles tendon.

**Indications:** Flaccid paralysis of the foot. Light to moderate spastic equinus foot.

**Contraindications:** Currently no known.

**Material:** 78% Nylon, 19% Polyester, 3% Polyurethane, 1% Elastane.

**Washing Instructions:** Hand wash at max. 30°C with neutral soap. Dry away from heat sources.

**Measurements:** Ankle circumference.

**Accessories:** Midfoot band for wearing with bare feet.
