Can be cut lower or holes for stoma

NordiCare[®] 

AbdoCare, postop binder

AbdoCare provides efficient pain relief and compression

- Size, compression and shape can be easily adjusted as the Velcro can be attached over the entire belt surface.
- Available in different heights and sizes. One size can be used as a universal size.
- It is possible to make the belt lower by cutting.
- Sewn in V-shape for better fit and adaptation for different body types.
- Can be turned and also placed over the chest.

AbdoCare, white, height 23, 30 and 37 cm

Size	Circ. cm	23 cm	30 cm	37 cm	
1	75-100	50225-09-40	50226-09-40		A line drawing diagram of a person's waist and hip area. A dashed line indicates the placement of the binder around the waist.
