

Jolene compression body

Adjustable and fully detachable shoulder straps

Hook-and-eye closure with three levels for individual adjustment

Fully opening at the sides and at the crotch

NordiCare[®] 

Effective compression that provides fast and comfortable healing

- Recommended after abdominal procedures.
- Offers compression and support for pain relief and reduced swelling.
- Can be fully opened and is easy to put on directly after surgery.
- Hook-and-eye closure in three steps on both sides for an individualized fit.
- Seamlessly knitted 4-way stretch material that adapts to the body.

The detachable shoulder straps can be fastened at the center front or at the sides.

Shaped knit construction designed to follow the body's contours.

Hook-and-eye fastening in three steps for individual adjustment.
