

# Mirabelle post-op bra

## Compression zones

Knitted structure with compression zones from 1 (high) - 6 (low) illustrated by different colors.

Different zones mean that there is only compression where it is necessary, in order to achieve the best treatment after breast surgery.

**Red** = Kompression level 1.

**Green** = Kompression level 2.

**Blue** = Kompression level 3.

**Orange** = Kompression level 4.

**Purple** = Kompression level 5.

**White** = Kompression level 6.
