

# ThoraCare, postoperative bandage

Stable and comfortable support after surgery

Flexible hook-and-loop closure that attaches across the entire surface

Can be cut to adjust the fit

**NordiCare**<sup>®</sup> 

# ThoraCare, postoperative bandage

## Provides support and compression after breast surgery, gynecomastia and thoracic surgery

- Offers pain relief and comfortable support.
- Recommended after breast surgery, gynecomastia and thoracic surgery.
- Size, compression level, and shape can be easily adjusted using the hook-and-loop fastening that attaches to the entire bandage.
- Fits all body types.
- The cuttable material allows adjustment of fit or height.
