

FUGAPROOF GROUT PROTECTION

ALL TYPES OF GROUTING

water
-based

WHAT IT'S FOR

- Protects and sanitizes grouting
- Facilitates dirt removal and routine cleaning
- Prevents water and stains from being absorbed into the surface

ADVANTAGES

- Ecological product: water-based
- Ready to use and easy to apply
- Safe for use with a spray applicator
- VOC free: eco-friendly treatment
- Will not alter the colour of grouting
- Odourless
- Water-based technology: drastically reduces treatment times
- Can be applied to surfaces with residual humidity

HOW TO USE IT

No dilution required: The product is ready to use.

Instructions for use: Clean the surface using **FUGANET** detergent. When the surface is dry, spray **FUGAPROOF** directly onto the grouting and dry any excess product using a cloth. The surface can be walked on after 4 hours
