## Description for catalogue

### Tea Maker „Professional“ with Auto-Lift function

No secret: Different types of tea require different temperatures and steeping times in order to be able to fully develop their unique aroma. Watch the tea basket automatically lift into the water and brew your tea perfectly. Set the timer and let yourself be pampered with fresh and hot tea at any time of the day. Thanks to the 60-minute temperature storage, you can keep your tea warm even for later enjoyment.
