Description for Onlineshops / Catalogue

The perfect kettle for single households – with temperature settings and keep warm function!

This compact mini glass kettle integrates stylishly and modernly into every little kitchenette. With a capacity of 0.5 l, it is extremely space-saving and prevents unnecessary water wastage in everyday life. Thanks to temperature settings from 40° - 100° C in 5° C steps and a selectable keep warm function, the perfect water temperature for a wide variety of drinks can be set at any time.

The WK 3458 is easy to operate thanks to the one-hand operation - thanks to the water level indicator printed on both sides, it is also perfect for right-handed and left-handed users.

The high-quality combination of glass and stainless steel is not only a real eye-catcher, but also guarantees safe use thanks to the use of 100% BPA-free materials.
