

## THE FULLY AUTOMATIC FOR FILTER COFFEE. FLEXIBLE FOR CUPS, JUGS AND TO GO MUGS.

reddot winner 2022

### KA 4850 Fully automatic filter coffee machine FILKA

- **Fully automatic "Cup Control": measuring out water to the exact cup is a thing of the past!**  
The FILKA always uses only the exact amount of water necessary for the amount of coffee you require.
- **Flexibility and individual enjoyment of coffee in a new dimension..**  
The FILKA can do "everything" thanks to innovative 5-in-1 compatibility and individually adjustable cup space: glass jug (included), thermal jug, small cup, large mug or thermal mug "To go".  
Fully automatically adjustable amount of coffee (100 - 350 ml) when making a cup.
- **Premium quality coffee enjoyment - including sustainable gold tone filter.**  
The optimum brewing temperature (up to 96°C) and pre-brewing function ensure freshly ground, hot, strong coffee. Includes washable gold tone filter as an alternative to the conventional paper filter.
- **A new level of user convenience: intuitive, simple and hygienic.**  
The removable water tank makes it easy to fill and the removable coffee bean container makes it easy to clean the grinder.  
The powder output can be opened automatically for easy cleaning. Water filter included!
- **High-quality, space-saving, ultra-slim design.**  
Only 17 cm wide, FILKA can fit anywhere.
- **Pleasantly quiet grinding process thanks to our quietest grinder to date.**

## Product details

### Freshly ground coffee enjoyment meets maximum flexibility:

The integrated cup storage surface allows freshly ground coffee enjoyment without detours, directly into the cup: Whether small cup, large coffee mug or practical thermo cup for on the go:

The FILKA has a solution for every everyday situation at the push of a button and thanks to the adjustable amount of coffee there are no limits to individual coffee enjoyment.

### FILKA can do everything!

The FILKA can do "everything" thanks to innovative 5-in-1 compatibility and individually adjustable cup space: glass jug (included), thermal jug, small cup, large mug or thermal mug "To go".

Fully automatically adjustable amount of coffee (100 - 350 ml) when making a cup.

### No more measuring water – thanks to fully automatic Cup Control:
