Details

More time for beautiful things
always clean carpets and hard floors thanks to high suction power of 2.200 Pa.

Intelligent cleaning
variable suction levels and various automatic programmes remove dirt and dust throughout the house.

Boost function for clean carpets
ensures deep cleanliness even on carpets.

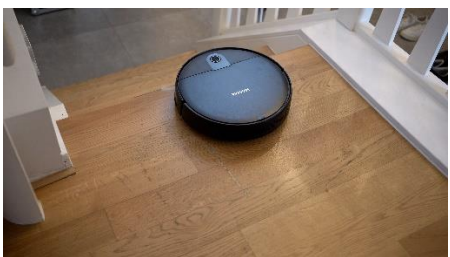

Long battery life for large areas
2.600 mAh Li-Ion battery provides runtimes of up to 90 minutes.

Always ready for use
thanks to adjustable weekly scheduling and automatic return to the charging station.

Very quiet at work
the long-life digital motor ensures a pleasant working environment below 65 dB.

Perfect for sensitive furnitures
thanks to the sensor technology the robot protects sensitive furniture and detects obstacles such as stairs and edges.

Smart cleanliness
the large wheels climb carpets, edges and door mouldings up to 17mm.

Easy cleaning
thanks to the 400ml dust container and the easy-to-remove filter unit.

Important data in overview

Capacity Battery	2.600 mAh Li-Ionen
Voltage	14.4 V
Digitalmotor	yes
Navigation	remote control
Suction Power	2.200 Pa
Charging Time	4 - 5 hours
Running Time	90 minutes
Auto Charging	yes
Noise Level	65 dB
Adjustable Week Planner	yes
Auto – Programs	gyro-navigation, spot cleaning, along the wall
Further Features	<ul style="list-style-type: none">- different suction level- obstacle detection
Cable length	180 cm
Measurement of packaging	53 x 13 x 42,5 cm
Bruttoweight packaging	5,35 kg
Measurement of unit	35 x 35 x 8,5 cm
Nettoweight of unit	3,18 kg
PU	2
GTIN-Code	4008146040153
