Product details

Integral pressure gauge for perfect brewing control (brewing pressure).

Professional barista starter set, consisting of solid tamper and stainless-steel milk froth container (approx. 400 ml) for individual preferences and perfect preparation of coffee and milk specialities.

Solid, professional filter-sieve holder with 3 inserts: suitable for one cup, two cups or ESE pods.

Powerful thermo-block heating system ensures perfect-temperature espresso from the first cup – with 3 selectable temperature settings for individual enjoyment and practical fill-level memory.

Integral milk-foam nozzle (pannarello) provides versatile options for the preparation: for all types of coffee and milk specialities such as cappuccino, latte macchiato, flat white, americano and many more.

Fast heating-up, only 40 seconds – for espresso enjoyment without prolonged waiting.
