ARGENTAX CUTTEX 9 MM
NO. 46102.08

Classic cutter. With a 9 mm polystyrene blade.
Sharp, small, handy - the ARGENTAX CUTTEX 9 MM with a narrow polystyrene blade has all the possible properties you would expect from a cutter. Ideal for easy cutting of cardboard boxes, cardboard, paper and adhesive tape. You can grip the long, rounded off handle comfortably and vary the blade extension as you wish. And what if the bendable blade gets blunt? Change is without problems.

Small, light, handy
The list could be continued endlessly. That's why the long plastic handle is rounded off at many points to make handling it even more pleasant and comfortable for you.

Easy blade changing
Your own two hands are enough to assist you. Just pull off the cap at the end of the handle, press the slider downwards and finally towards the back and out of the handle. Remove the blade. Done.

Adjusts well
Cardboard box, cardboard, paper? It's all the same. You can flexibly adapt your cutter to the respective conditions with the adjustable blade extension.
Full cutting depth
You are on the safe side with your polystyrene blade even at a maximum blade extension. Because it is extremely bendable and can therefore carry the load of even a high degree of stress.

Practical pocket clip
It's good to have a useful helper such as the ARGENTAX CUTTEX 9 MM at hand, fast. You can attach it to your shirt or trouser pocket with the pocket clip and then you just have to reach out.
