

GRAFIX TIP CUT

NO. 490.00

Cutting instead of writing. Your „Pen“ with a blade.

Even something like this is available at MARTOR: Just as in the case of a ball-point pen, you press the pusher at the top – and the blade comes out at the bottom. Since the GRAFIX TIP CUT can be guided just as accurately as a pen, it is suitable for all delicate and sophisticated cutting work. For example, for cutting through paper, foil or textiles. Similarly, you can sink the blade back into the handle by pressing the pusher. It cannot get easier than this.
