

SOLLEX

Sollex Sustainability Policy

At Sollex, we are committed to conducting our operations in a sustainable and environmentally responsible manner. We recognize our role in protecting natural resources, reducing environmental impact, and promoting long-term sustainability across all aspects of our business.

Our Commitments:

- **Resource Efficiency:** We strive to reduce waste, conserve energy, and use materials responsibly, prioritizing recycled and recyclable products wherever possible.
- **Sustainable Operations:** We implement environmentally responsible practices in manufacturing, packaging, and shipping, including minimizing transport emissions and promoting local sourcing.
- **Continuous Improvement:** We continuously improve our environmental performance, integrating sustainability into our decision-making and processes.
- **Engaging People:** We empower our employees, partners, and suppliers to adopt sustainable practices and support their development in environmental responsibility.
- **Compliance & Responsibility:** We comply with all relevant environmental laws and regulations and promote transparency and accountability in our sustainability initiatives.

Through these efforts, Sollex aims to create lasting value for our customers, employees, and the communities we serve while contributing to a healthier planet.
