Cinema Round Premium

The most elegant and efficient solution for sound control

Combining modern design with maximum acoustic efficiency, the fabric-covered Cinema Round Premium panel is commonly used to control sound reflections and excess reverberation. It helps you maximize the performance of your listening space. Cinema Round Premium performs mainly on low midrange to high frequencies. It has been proved to be one of the most stable panels with a very high and linear absorption coefficient. Cinema Round Premium is available in two different sizes and fifteen fabric colours.

Cinema Round 120.7

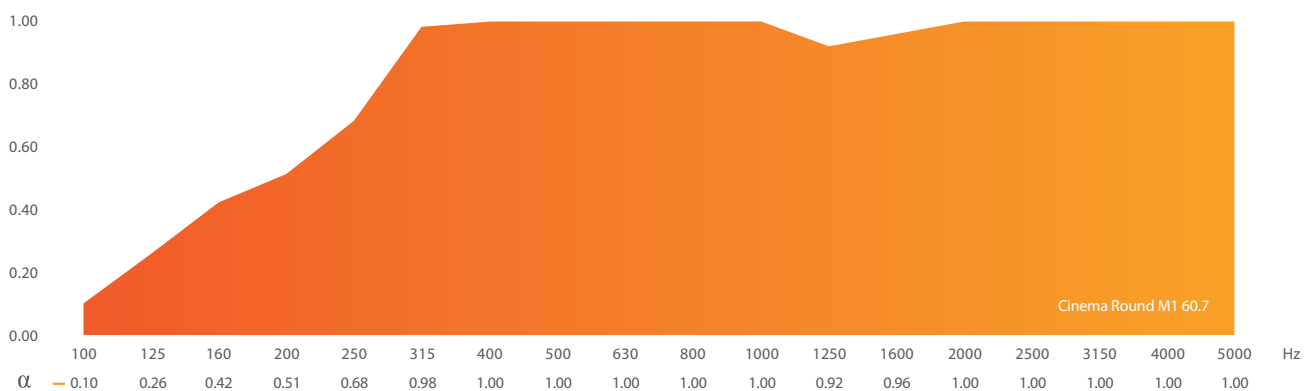

Cinema Round 60.7

Available Fabric Colors

Performance

Performs mainly on medium-low to high frequencies and is one of the most stable panels with a very high and linear absorption coefficient.

Dimensions

CR. 60 600 x 600 x 75 mm
CR. 120 1200 x 600 x 75 mm

Installation

Flexi Glue
VicFix Frame
