## BEYERS BASIC MIXTURES

BEST VALUE FOR MONEY

The **BASIC** mixtures are affordable quality mixtures composed with grains and seeds selected by **BEYERS**, which have undergone the same fourfold cleaning process as all our other mixtures: purified separately twice before being mixed, after which the mixture goes through another cleaning process and finally the process is finished with a good brushing. The brushing of the grains results in a beautiful and naturally shiny mixture, without the need for oil to be added.

### BEYERS BASIC RACING – 25KG – 55 LBS

- An economically calculated composition.
- Basic grain mixture for the sports season, without barley.

**Ingredients:** Wheat – French maize – peas (2 types) – red sorghum – white dari – striped sunflower seeds
