HIGH-PERFORMANCE MIXTURES

## BEYERS OLYMPIA MIXTURES

### HIGH-PERFORMANCE MIXTURES

The OLYMPIA mixtures are characterized, like our PREMIUM mixtures, by the use of **top quality small grains and seeds**, which guarantee **maximum absorption** of the mixture. They originally have been developed especially for the German breeding and racing season because these are significantly different from Belgian or Dutch. All OLYMPIA mixtures are tailored to the pigeons' needs during the breeding season and a specific part during racing season (Zucht & Reise, Breed & Wean, Breed & Youngsters, Breed & Racing,..). The first OLYMPIA mixtures were launched during the OLYMPIADE at UTRECHT in 1995. Meanwhile, with these so-called German mixtures, many successes were also achieved by top-level fanciers in several other countries.

## BEYERS OLYMPIA 48 - BREEDING & YOUNGSTERS - 25kg (WITHOUT MAIZE)

- High-quality mixture for breeding pigeons and for youngsters without maize, but with the addition of red sorgho and dari, which contain a higher content of proteins compared to maize.
- The presence of a variety of 38.5% legumes (dun peas, small green peas, vetches, small yellow peas and winter peas) ensures the right balance of proteins that your pigeons need during the breeding period.
- Ideal for the breeding season and for the rearing of youngsters.

**Ingredients:** White wheat – red sorghum – dari – dun peas – vetches – small green peas – safflower – small yellow peas – striped sunflower seeds – linseed – winter peas – black rapeseed
